

## 2 | CONCEPTUAL REFERENCES / *becoming-the-environment*

Sketch by the author F. Berni

*"This emphasis on love and care also implies a concept of freedom and understanding that Shiva, in particular, contrasts with Western standards of rationality and progress based on the rational control of the natural order. Instead of emphasising emancipation from the realm of natural necessity, Shiva invokes a form of emancipation that develops within that realm and in harmony with it."* (Braidotti 2008, p. 133)
